Unit 13 - jQuery Basics

10 points

Using one of your previous projects (HTML or JavaScript) or a new project, demonstrate the implementation of **TWO** jQuery *tools*.

Feel free to use W3Schools as a resource or any other jQuery resource such as my book or a website.

Within the source code, document the source of your jQuery and provide any special instructions for implementing it in other web pages.

+2 points Extra Credit
Research and implement a jQuery**UI** tool/plug-in. Again, document the source of your jQuery and provide any special instructions for implementing it in other web pages.
